

Dear friend,

Do you feel you are being told the truth about the COVID-19 “pandemic” by your government and the mainstream media?

Do you feel the lockdowns, with the devastating impact they are having on the economy, and the mental, and physical health of the people - especially children and the elderly - are out of all proportion to the claimed ‘threat’?

Are you concerned about the loss of your natural human rights?

If you care about the future freedoms of you and your family, please take a look at the following resources - many of which come from qualified medical professionals - with a fully open mind.

None of this is “conspiracy theory.”
