

## The LOGOS of Mass Media Culture

The elite Illuminati bloodline families that have controlled this world for thousands of years have done so largely through secrecy, deception and manipulation. They are a powerful presence in every field and walk of life, but their influence is seldom detected by the uninitiated because we are quite simply unenlightened and un-illuminated. It is meant to be so. They do not want us to be literate in their secret language of symbols and signs. The word 'logos' as in organizational and corporate logos is derived from the Greek word *LOGOS*, basically connoting word and concept, as well as logic and reason. The M.O. of the Illuminati is to communicate with one another's initiated members through a secret language of signs and symbols known as 'logos', which in essence embodies their system of reasoning, thinking and communicating, their *LOGOS*. In short, their *LOGOS* is housed within the company and organizational logos. If language is as Heidegger said, "the house of being," then their essence, their being is contained within the house of language. The logos display the house of being. It is the house they live in and it is one with a very long history. Why do so many company and organizational logos have so many foreign words and particularly from ancient languages? This is because modern society is illiterate in these dead languages and is unable to read the signs. This allows the initiated, the Illuminati bloodline families, to communicate in the tongues of former times still retained and encoded in their race memory. As they spoke these languages in former times as the rulers of former ages, the same elite families that rule the world today remember the archetypes and the meanings. They never forget.

There are 240,000 miles of neurothreads in the brain, roughly the distance of Earth to the moon. There are 250,000 units of information contained on each strand. This data is recorded as pictograms, as composite images and not as words. Our phylogenic race memory, the thoughts and experiences of our forefathers, is encoded in the brain, recorded in our DNA in the form of symbols and imagery.<sup>1</sup> The Illuminati have an unbroken lineage of control throughout history. They retain the tongues of the former lands they occupied as part of their race memory. To a certain extent, the same is the case with us all. Our subconscious and even our unconscious collective minds are processing these archetypes retained in our encoded DNA. Plato was right that knowledge is recollected in a sense. The slave boy, Meno, featured in the Platonic dialogue "The Meno" recollects the concept 'circle' and is therefore able to process the geometric shape when Socrates draws it. The slave boy has an a priori concept of

circularity otherwise he would not be able to visualize the shape. This is because the shape is encoded in our DNA as part of our race memory. It is probably not as Plato supposed it evidence of reincarnation. Past life regression may be a result of the nervous system accessing the unconscious memories housed in the encoded memory of our DNA, so that under hypnosis, or in situations of trauma, shock, coma, sleep, or near death experiences, we are able to access our encoded DNA ancestral memory. It is this racial memory of archetypes that the Illuminati are able to reach at a subliminal level through the advertising and marketing companies they control.

Even the word 'media', which is controlled by the Illuminati bloodline families, is a foreign word from an ancient language, proving that they do not want us to really know who is controlling the media. 'Media' comes from the word *Medes*. The words Mediterranean, mediation, meditation, medicine and medication all derive from this word. The *Medes* were the sorcerers, shamans and astrologers, many of them centered in Medea, the medes capital of the ancient world. The modern equivalent are the technotricksters and "silicon sorcerers" of Madison Ave. and the Tavistock Institute of London.<sup>ii</sup>

In the ancient world, the *medes* employed talismans, amulets, and mantras to attack the enemy, which is basically equivalent to modern day black operations and other forms of propaganda. John Dee of Elizabethan England would be an example of a court *Medes* or black magician. Dee purportedly had even mastered the arts of sacred geometry and employed it to advantage against the Spanish Armada in the form of weather warfare devices. He apparently was able to produce weather warfare machine of intricate design by combining the sciences of geometry and metallurgy. He allegedly erected many devices made of copper mathematically precise in design both in size and shape, which exploited the sacredness of the golden mean ratio. It may well be that the Spanish Armada met its demise at the hands of this wicked witch. Another example of a Medieval medes-style magician or shaman was the court astrologer Michel de Nostradame. Speaking of medes, it is obvious who was in control in the medi-eval times.

The techno-medes of today have several aims. First and foremost, they want to possess us. Their advertising mantras induce hypnotic states of conscious and influence brainwave activity. They are literally possessing us, subliminally taking possession of our minds. When serial killers complain about being possessed and being told to do certain terrible things, this may in fact be so. The possession of their minds may have occurred as a result of the encoded and invasive use of mantras, symbols and subversive secret encoding by the corporate advertising techniques developed in Illuminati think

tanks like the Tavistock Institute in London. Another aim of theirs is to induce schizoid states of consciousness as in a Dungeons and Dragons syndrome, where the mind is no longer able to distinguish between the inside and outside, the conscious and the unconscious, the world of fantasy and the world of reality. The escapist tendencies for the mind are encouraged through mass media messages and advertising. They encourage disassociation from the self and encourage 'group think'. They cultivate false personas like Batman, Superman, Spiderman and Catwoman to encourage the youth to lose sight of themselves. This produces self-esteem, ego, and self-image problems, which in turn leads to frustration and violence. They encourage endless dialectical divisions, fracturing the mind and turning it upon itself. The dialectical divisions are multiple and consist of such opposites as rich versus poor, male versus female, East versus West, Moslems versus Christians, etc. The side effects of these insidious methods are devastating to the individual and the collective and include such dysfunctional states as disassociation, cynicism, addictive and compulsive behavior, bi-polar/manic depression, suicidal tendencies, delinquent behavior, sociopathic and psychopathic states, and ultimately disqualification from society and permanent institutionalization.

There are three basic divisions of intelligence and the media play on this. There is the mind, the body and the heart. They send messages to these three forms of intelligence and sometimes mix and scramble the signal to induce schizoid states of the consciousness. At times, they pretend to be speaking to the mind when they are really talking to the heart. At other times, they will communicate to the body and its appetites, while pretending to appeal to the mind and more sublimated states of consciousness as in the desire for purity, heaven, and angelic beings.

The Torah, the first six books of the Holy Bible, is derived from the Tarot. The Tarot is the original symbolic cabalistic system for the alchemical transformation of the self and the race. A lot of the symbolism appearing in our world in corporate advertising, TV and film is derived from the Tarot. An example of a motif derived from the Tarot is that of the Hanged Man, which is an archetype derived from the ancient world. Examples of the Hanged Man can be found in Horus of Egypt, Odin of the Scandinavian myths, Conan the Barbarian, St. Peter, and Jesus, all of whom were crucified on a tree. Another example of a Tarot motif exploited to great effect in our culture is that of the Emperor seated on a throne with stern countenance. The Lincoln Memorial in Washington D.C. features the President in exactly this pose. The occult is occulted, but it is there. It is an all-pervasive two-way mirror, in which they are looking out, while preventing us from looking in. They exploit the motif of mirrors, subverting the filters of our own eyes and mind through the camera lens taking moving and still pictures, which is broadcast as a

signal picked up by your TV, which unscrambles the message and projects it to your eyes, which in turn send it via the optic nerve to the back of the brain. (Ibid) Plato saw the artist's work as twice removed from the reality of the Forms, while the craftsman's work is once removed. The craftsman's rendering of a chair or table is an imitation of the original Form appearing as an idea in the mind, while the artist's image is a copy of a copy twice removed from the reality of the Forms. How far have the modern technomedes taken us away from the Heavenly Forms with their camera lenses, projectors, celluloid, satellites, and TV screens? Our world is a hall of mirrors, a fun house of distorted shapes and images, in which we see ourselves not as mimesis, an imitation of life, but as monstrous and distorted abstractions of ourselves, as divorced from reality as it is possible to be. As it is above so it is not below, not now anyway. Fallen man has reached rock bottom. We have had our tragic fall, our *precipia*, resulting in our descent into the abyss. How has this occurred? What is the cause? Our Bible tells us that the sons of the gods wedded with the daughters of men. Eve ate of the apple of the tree of knowledge of good and evil. She was tempted by sexuality and fell into sin. This mythology of seduction pertains to fall of the human race through sex, through breeding, a breeding program in fact. This is when the human race became wedded to the serpent race, the Fallen Angels. This is the origin of the Satanic or Luciferian seed. It is within these family bloodlines that the Serpent cult of Freemasonry and the Satanic cult of the Illuminati and all other secret societies and mystery schools were born.

The debasement and desecration of the human is the ultimate aim of the Illuminati. To precipitate the fall of man and to relentlessly pursue his debasement to his utter ruination and destruction is the ultimate aim of this cult. The word 'cult' comes from the Latin *cultus* and nowhere is the cult of death and destruction more active than in the cult of the Medes, the so-called media, the techno-wizards and silicon-sorcerers of the modern age. Dismemberment of the body has become endemic in imagery related to the body. Picasso and Dali perfected the art of dismemberment. The schizophrenic state and fractured consciousness of modern man can be traced to the mass media manipulations of the techno-shamans. They have taken possession of the human psyche. We hear voices in our heads. From whence they come, we do not know, but the voices are all around us. Our sleep is haunted by nightmares. There is no rest. Where does this insomniac nightmare of voices and images that haunts our sleeping and waking life come from? The answer is from all around us. We need but open our eyes and ears. When serial killers complain that they heard voices telling them to commit acts of violence, driving them to commit acts of indecency and moral outrage, perhaps we should listen to them.<sup>iii</sup> When Charles Manson said, "I am what you made me," he really

meant it. He is a reflection of the sickness and Satanism that pervades his society. Black magicians, the medes of the media casting spells to unleash mayhem and chaos upon society. “Order out of chaos” is the Illuminati slogan. “The Great Work of Ages” or “The New World Order” amounting to a global fascist dictatorship is the goal toward which they strive, and in the wake of each act of war, revolution, murder and mayhem, they enforce greater restraints and restrictions on our freedoms and liberties. The passing of the Patriot Act and Homeland Security in the wake of 9-11 is but one example of how they achieve “order out of chaos”.

They are toying with our heads. Schizophrenia, dissociation, bi-polar manic depression, dysfunctionality, and delinquency are all manufactured states of mind. It is not nearly sufficient to say that the imbalances of city life are producing these aberrations. It is deliberate, insidious and quite by design. The union of the masculine and the feminine principles has been the aim of spiritual traditions for thousands of years, but we find in the media of the techno age is the hardening of the masculine and feminine into opposing drives, making the sexes incompatible and at odds, leading in turn to social and family dysfunction.<sup>iv</sup>

An example of how subliminal advertising makes use of archetypes to exploit our phylogenic race memory can be found on the covers of record albums. The Abbey Road Beatle’s album, for instance, features the four musicians walking across a “crosswalk”. The word “crosswalk” is significant of course because it alludes to the Passion and Crucifixion of Jesus. The crosswalk lines also resemble the black and white squares found on the floor of Masonic Temples. The four musicians are clearly forming a funeral procession. John Lennon is in the front in pearl white playing God. Ringo Starr is decked out in a black cassock representing the presiding priest. Paul McCartney represents the bare-footed corpse awaiting burial. And George Harrison is the gravedigger bringing up the rear.<sup>v</sup>

The influence of the Illuminati is everywhere of course. They cap it all. They have controlled the world for thousands of years and continue to do so today. They are the missing capstone of the Great Pyramid featured on the hind side of the American dollar bill. They cap it all and they do it with financial cap-it-all and they do it from the national cap-it-alls. The keystone is another way of referring to the missing capstone of the pyramid, which is why the Masons are so keen on laying the foundation stone of any building. One can see the influence of this symbol even in language. Capital ‘A’ for instance, the first letter of the alphabet caps-it-all. It caps the entire alphabet. It truly is the alpha, the beginning, the keystone that comes before all other letters. The letter ‘A’ represents the pyramid and missing capstone. It is very probably the letter featured most

often in writing because it is a vowel sound featured commonly and a phoneme register common to most Indo-European languages.<sup>vi</sup>

An example of how the Illuminati cap-it-all as the top of the social pyramid, we need only look to the G8 Summit of world leaders. The Summit is Illuminati code speak for the apex or top of the pyramid, the missing capstone, the keystone of the pyramid if you like. The participants sit around a round table of the kind featured in the older prototype organization, the Round Table. (Ibid) The archetype of the round table hearkens to Arthurian legend and represents kingship and rule by royal and aristocratic bloodlines, which of course applies to both the Round Table and G8 Summit. The G8 round table also features the missing capstone of the Great Pyramid in the center of the table with the rays of the Illuminati emanating outwardly from it toward the edges of the table. The missing capstone represents symbolically the Illuminati leadership of the world, which is the keystone and capstone of the social pyramid. They cap it all with financial cap-it-all and they do it from the national cap-it-alls.

In the *Baghavat Gita*, it was the sin of nepotism that had caused India to fall under the yoke of tyranny. As it was in days of yore, so it is today with Illuminati bloodline families in positions of ascendancy around the world, they and their minions usurping the thrones of kingdoms around the world and putting their placemen in their places. Through their network of secret and semi-secret societies, they have taken control of the extortion rackets masquerading as banks, the in-justice system, the oil monopolies and the oil supply, and now even the production of food through corporate interests like the Illuminati front company Monsanto. It is time to rise up and overthrow the minions who have usurped our kingdoms and placed false prophets on our thrones of power, while siphoning off the wealth and industry of our people to feather their own decadent nests of influence and power.

The Illuminati bloodlines transcend all national boundaries and affiliations. They are if you like transnational. The Masonic Bible upon which all members of the U.S. Senate receive the oath of office is a declaration that office holders are pledging allegiance not to the United States of America, but to a transnational organization controlled by the Illuminati. I believe the Illuminati bloodline families have an extraterrestrial bloodline going back to the ancient world. These families have established royal and aristocratic bloodline castes in an effort to keep their bloodline untainted and pure. They have concentrated their power in certain world centers or capitals, which are really “cap-it-alls” or cabalistic power centers, taking advantage of the geomancy and telluric energies of the Earth as an integral part of their occult and witchcraft beliefs and practices. This cabal has wended its way into positions of power and infiltrated virtually every major

organization and institution responsible for the governance and control of planet Earth.

Researchers like Texe Mars believe that Illuminati Jews in Israel run America. I have a different view. I would say rather that the Illuminati are bloodline families that go back to the ancient kingdoms of Egypt, Sumer and beyond, who have now infiltrated the corridors of power in every major world power (country). They have usurped power and authority forcing the people to lose governance over their own lands and national heritage. They are an international cabal of capitalists. This is an interesting word: “Cap-it-all-ists”. They “cap-it-all” as in the missing capstone of the Great Pyramid that appears in the Great Seal of the United States featured on the hind side of the American dollar bill. They intend to cap the pyramid of society and the caste system they preside over, with the missing capstone, the missing capstone of the Great Pyramid that contains the All-seeing Eye of the Egyptian god Horus. They cap and control the world; they literally “cap-it-all.” They are the “cap-it-all-ists”. But they are the hidden ruling elite because they are “the missing capstone”. When is the last time you saw the Rothschild’s, the Morgan’s, or Rockefeller’s, or Dupont’s on TV?

Ultimately, I suppose the headquarters of the Illuminati or rather the ultimate headquarters of the Illuminati is in the so-called Holy City of Jerusalem. This is the city where the three major world religions spawned in the Holy Land meet and converge. This is a grand convergence if you like, the meeting of a Trinity, the triune union of three triangles, an occult convergence of the three major world religions spawned in the Middle East. But the bloodline of the Illuminati is not Jewish any more than it is German or Greek, and they are not, in my view, Jews. I wish to strongly emphasize this fact, as I do not want their actions in any way to reflect on the innocent Jewish citizenry living in Israel or abroad. Indeed, there are many Illuminati bloodline families operating in other countries around the world, so to pin the blame on any one nation or group would be both irresponsible and dangerous in my view. Simply put, they are a cabal, which have infiltrated the corridors of power in every country of the world. They have a bloodline and are therefore of a race or kind, specifically an extraterrestrial race if the truth were known, but it is not the bloodline that concerns me, nor I think should the bloodline concern any of us, for to isolate a group by race is racist in its own right. A better strategy would be to expose the Illuminati mafia and their organizations for what they are, and should evidence emerge implicating them in criminal activities, indict them and bring the full weight of the law against them, not as Germans, Americans, or Jews, but simply as corrupt world citizens.

Let us examine the words of Winston Churchill on the subject of the worldwide Illuminati conspiracy to identify what we are dealing with here. These are Churchill’s

own words as they appeared in the February 8, 1920 edition of the Illustrated Sunday Herald:

From the days of Illuminati leader Weishaupt (Adam Weishaupt was the Jesuit leader who founded the Bavarian Illuminati) to those of Karl Marx (Mordecai Levy) to those of Trotsky (Lev Braunstein), this worldwide conspiracy has been steadily growing and now, at last, this band of extraordinary personalities from the underworld of the great cities of Europe and America have gripped the Russian people by the hair on their heads and become the undisputed masters of that great empire.<sup>vii</sup>

Then, there is General Cornwallis' statement as quoted in a book called "Legions of Satan" by Jonathan Williams in 1781, in which Cornwallis, who would go down to defeat to Washington in the American Civil War, declared in a letter to George Washington his presentiments on America's future:

A holy war will now begin on America, and when it is ended, America will be supposedly the citadel of freedom, but her millions will unknowingly be loyal subjects; your churches will be used to teach the Jews' religion, and in less than two hundred years, the whole nation of America will be working for Divine world government; all religions will be permeated with Judaism without even being noticed by the masses, and they will all be under the invisible All-Seeing Eye of Freemasonry.<sup>viii</sup>

At heart, the quote by Cornwallis seems to allude to a Zionist agenda – a Satanic Illuminati cabal operating within Judaism – to take over the United States from the early days of the Founding Fathers. A fascinating quote to say the least, stated by an insider, a Freemason with the Illuminati pedigree relating the future plans for the emerging Republic to another insider from the "seeming" opposing camp, but as anyone who knows anything about Freemasonry will realize, the standard Masonic M.O. is to control all sides so that they can always govern the outcome of major world events. In a book called *The Temple and the Lodge*, the researchers provide evidence that the American War of Independence was staged and that the Masonic leaders on both sides met secretly in Lodges to plan the events of the war, in order to carry out their stage play successfully and dupe the people they were assigned to fool, namely, the American people. We the people have been duped, time and time again by a ruse perpetrated on us by the same Illuminati brotherhood-controlled organizations throughout our long and tortured history. Jesus vowed the truth would set us free. Doubting Thomas that I am, I

am skeptical that humanity will ever see the light. Whether humanity wakes up to the truth or not, it is not the truth that will set us free, but the empowerment it gives us to do something about our circumstances. We must rise up. We no longer have a choice. As one Illuminati operative once declared, "Workers of the world unite," I appeal to a new breed of 'worker', not the proletariat any more than the bourgeois or petty bourgeois workers of the world, but the workers of light to rise up out of their complacency and seize back their dominion over the world that has been taken from them. It is my ardent hope that through internet war crime trials and other means, the Illuminati conspirators will be exposed and brought to justice by the world citizenry, granted fair and just trials and put away for the rest of their natural lives to reflect upon the evil they have brought upon the world.

The word 'conspiracy' means "breathe together" and the Illuminati conspirators have been breathing together for a very long time. The conspirators of this world have been breathing together, employing their schemes, hoodwinks and skillful means to dupe the rest of us into believing that every advance to their agenda was progress, a step in the right direction, a move toward something better, nobler, a higher state of civilization, technology and development, and that man is ascending to a higher plane rather than sinking to a lower state of depravity, and sink though we have, most of us believe we are on that stairway to heaven, borne aloft on some cloud with a silver lining, climbing to a more ascendant position, in which the accomplishments of our forebears are somehow dwarfed by the size of our armies, military aircraft, and automatic weapons. Meanwhile, the TV and Internet continue to infect our consciousness, poison us with complacency, program our already twisted minds and bring us into a state of surrender that God Himself might envy, taking us to hell in a hand basket, so that we don't even see the people dying in Iraq as real anymore, if we see them at all. God bless America? I think if God has time to disseminate any blessings at Christmas or any other festive time of the year, He might just have to bless us all. Wouldn't that just cap it all?

It should be clear that rule from above has been imposed upon us and that we are living in a national and international caste system. While a global elite are free to travel and do business very often visa free and with tax exemption, the rest of us languish in the open air prisons of our own countries unable to travel or seek wider horizons any better than our Medieval forebears who were trapped on what they considered a flat piece of earth, afraid to venture beyond the border of the frontier for fear they might fall off the side of the flat Earth. Most of the money is concentrated in the hands of a few, the top echelons, the cap-it-all-ists who control financial cap-it-all through the black market. There is the white market and the black market and it is the black market of the occult underworld

where most of the real trading and wheeling and dealing goes on. The white market makes up only a very small percentage of international trade.<sup>ix</sup> The big money is reserved for the cap-it-all-ists, who have the keystone for entering the social pyramid and descend through its labyrinthine passages to the underworld financial markets of the pyramid's underworld. Our entire social structure is based on the design of the Great Pyramid. It is in plain view in the Great Seal of the United States featured on the back of the U.S. one dollar bill.

Money is the root of all evil. There is no greater truism. This is how the cap-it-all-ists at the top of the social pyramid cap-it-all. It is no accident that the Great Pyramid is featured on the back of the American one-dollar bill. The Great Pyramid is the model upon which the entire social structure and cap-it-all-ist economy is based. While the Illuminati cap-it-all-ists hold the keystone at the top of the pyramid and comprise the missing capstone that caps it all, as a high priesthood of Illuminati bloodline families, they also hold dominion over the King and Queen, symbolized by the King's chamber and the smaller Queen's Chamber beneath. The aristocracy comprises the passage leading from the Queen's chamber to the King's. Beneath, we have the passage leading to the base of the pyramid, which symbolizes the common class. The Illuminati cabalist, sorcerer black magicians hold the keystone and therefore have access to the entire social pyramid. They even have access to the subterranean passages beneath the pyramid, representing the underworld. This is where the real trade and wheeling and dealing is done. The big money is traded in the underworld.

The money economy functions at three levels: gold, silver and bronze. The Illuminati sun cult exalts the sun god Osiris above all. He represents Lucifer and is the Illuminati's most transcendent god. This is why gold is king in the world money markets. Gold represents the sun. The gold standard is reserved for trade among initiated Illuminati. Silver represents the moon goddess ISIS. This is what the dollar sign '\$' represents in essence – money. It consists of the cap-it-all 'S' of the serpent and the one or two great rods that form the 'I'. Money is really 'moon-ey'. This is the means of trade for the intermediate class, the so-called middle class. The middle class is comprised by the class of conformists, the initiated members of the establishment that conform or curry favor with the ascendant ruling class of Illuminati. They usually hold and retain this position within the pyramidal social pyramid by obtaining a recognized degree within the university matriculation system based on the first three degrees of Freemasonry. Bronze represents the Earth, and is considered an alloy of baser metals for a people of baser caste, in short, the worker or laborer class, which is traditionally paid in this coinage. The Illuminati-sponsored Olympic Games feature the same currency of metals.

Those who show Olympian skill equal to the Olympian gods receive the gold medal, the metal associated with the sun god. While lesser athletes demonstrating the strength of heroes or demigods only receive the silver. Those lacking Olympian stamina or strength, but still falling into the category of heroic human achievement, receive the bronze.<sup>x</sup>

Caste has been imposed on us from above. It is not by choice that we find ourselves divided into three classes: upper, middle and lower. It is no more the wish of the majority of the world's citizens to live in the class divisions of our planet known as the First, Second and Third Worlds. We have a system of matriculation in higher education that divides us intellectually into three categories: Bachelor Degree holders, Master's Degree holders, and Ph.D.s. Our intellectual status determines our social status, but it is not our intellect that is being measured. We are duped into believing they are measuring our intellectual ability by some pedagogical measuring rod or stick, but what they are really measuring is our degree of conformity and compliance. The establishment initiates only the obedient and compliant. The social pyramid is dependent on totalitarian control. Just as no single piece of stone masonry can be misaligned or falsely oriented, so no member of the social pyramid can be out of place or wrongly situated. Should such a situation arise, such individuals must be removed from the structure as dysfunctional, institutionalized or relegated to the underclass of society.

We see the same tripartite system at all levels of society. In government, we have the local, state and federal electoral system. We have the judiciary and the courts maintaining the same tripartite divisions. And then there is the military with its ranks of corporal, sergeant, officer, with the corresponding stripes on the uniform, which are actually cubes representing the stone blocks of solid masonry supporting the pyramid, in this case the social pyramid to which they are affiliate and subordinate. The three army ranks correspond to the first three degrees of Freemasonry. The double ashlar or double cube is one of the most important Masonic symbols. One of the Rockefeller-Rothschild Illuminati monopolies known as the Seven Sisters oil companies, Chevron, features two cubes on top of each other. The lower cube is blue and the higher one red symbolizing the Blue and Red Degrees of Freemasonry.

The color red featured in the Red Degrees represents *le serpent rouge*, the bloodline of the pure blood Illuminati, who are initiates of the higher degrees. This is why dignitaries with the bloodline, the so-called *serpent rouge*, receive the red-carpet treatment. The red carpet is rolled out solely for this rank of dignitary. Queen Elizabeth's and the Pope's thrones sit on red carpets. In other words, the red-carpet treatment is administered only to initiates of the Red Degrees. The 'Red Square' so prominent in Freemasonry is featured in a lot of Illuminati corporate logos, McDonald's

for instance. Red Square in Moscow can be understood as Masonic. When Reagan visited Gorbachev in Moscow, their photo shoot did not begin until they reached the center of Red Square, where they exchanged the 'real grip' of the Craft, which to the uninitiated eye would have appeared as an ordinary handshake.

The Druids also divided their theocracy into three groups: the Ovates, the Bards, and the Druids. The author we know as Shakespeare was actually a middle functionary in the Druidic system adopted by Freemasonry. The actual identity of Shakespeare is Edward de Vere, the Earl of Oxford. The Bard complained in one of the poems appearing under his own name that, "The busy bee that builds the lordly halls dwells not in them; they are for higher degree." The meaning here is multi-layered. On one level, he is referring to the lower degree stone builders and masons who build the manors and castles of the higher degree nobility. However, he is also referring to his own position of bard, where he is forced to write anonymously under a pen name and cannot get credit for his work, since the secret writing fraternities to which he belongs, The Honourable Order of the Knights of the Helmet and Fra Rosi Cross, are under the control of a higher degree Freemason, in a druidic degree system. That higher degree Freemason is Francis Bacon, who was orchestrated and planned the writing fraternity and propaganda ministry of Elizabethan England, and as the highest lord in the feudal system of hierarchy took credit for the work of his 'good pens' as planner, which is why Freemasons continue to argue today that Bacon is the actual Bard and author of the Shakespeare plays. He could not have been, since he was not a Bard. His rank was higher. He was the Ovates.

The citizenry of the developed First World countries is indoctrinated to believe that they live in democracies, but the two-party system of the United States and the three-party system of many other so-called democracies offers only the pretense of electoral choice. The best example of a fascist system of control masquerading as a free election is the Bush-Kerry 2004 presidential race. Not only were both candidates former Yale graduates and initiates of the elite Yale secret fraternity known as the Skull and Bones Society, but they are also second cousins from the same Illuminati bloodline of eastern establishment families. Neither one of these officials is fit to run for office. Each of them belongs to a society that is a criminal fraternity connected with the international drug trade, employing the money derived from the illicit trade in drugs to fund covert activities such as assassinations, coups, revolutions, arms running, and wars around the world. It is in short the very worst kind of crime syndicate run by an international cabal of mafia and crime bosses like George H.W. Bush.

The number 322 is an important number in occult societies and is the Lodge number

of the Skull and Bones Society of Yale University. This number relates to the spring equinox, when the sun, which is their symbol as a sun-worshipping cult, rises on March 22. They use the symbol of the skull because they are a quasi-Masonic organization, and the skull and crossbones are featured in the Third Degree ritual death of Freemasonry, where the initiate has his blindfold removed so he can bear witness to his own ultimate fate in the form of a burial shroud, skull and crossbones. Skull and Bonesmen are the original 'pirates' meaning "agents of fire" sent out by the British Royal Family to colonize America. Their M.O. was to colonize and annihilate through disease and warfare all opposition. Their descendants opened secret societies like the Skull and Bones Society for the continued brainwashing and miseducation of their own offspring.<sup>xi</sup>

If the Illuminati bloodline cap-it-all-ists rule the world from the national cap-it-alls, which capitals cap it all? To answer that, we first have to address the fact that the Illuminati have transferred their capital from one region to another throughout history. They have employed dialectics to hide their control. They have exploited the social dynamics that Hegel described as the master-slave dialectic to create the appearance that masters fall and that empires come and go. They created the impression that the tyrants had been unseated from power only to be replaced by the slave caste they had traditionally subordinated, but this is far from the reality. The Illuminati bloodlines have retained their power since time immemorial. They have merely pretended that their tyrant kings were unseated from power only to be replaced by the barbarian hordes that encroached upon their lands and domains. An example of course is the Bolshevik Revolution. The Illuminati gave every appearance that the ruling caste of Tsarist Illuminati had been unseated by a proletariat movement of the workers. The reality was quite otherwise. The truth is that the Illuminati controllers of Grand Orient Freemasonry had orchestrated a clever deception, a recapitulation of the Christian doctrine aimed at defeating Roman hegemony that "the meek will inherit the Earth." While Grand Orient Freemasons Marx and Engels created a practical philosophy for empowering the people, turning Hegel's dialectic of the spirit into a dynamic dialectic of materialism, the Illuminati agents from Germany Lenin and Trotsky fomented the revolution. Lenin the Grand Master of his own Freemason Lodge would travel on a sealed train through Germany with 32 members of his own Masonic entourage, making him number 33, the exact number of initiatory degrees in a Masonic Lodge. Meanwhile, Trotsky, whose real name was Bronstein, was receiving his training in the United States and was issued a passport for travel back to Russia by none other than Woodrow Wilson.

By the end of the nineteenth century, the Rothschild's had a controlling stake in

England, the U.S., France, Germany, Austria, and Italy. Only Russia was left to be conquered. Illuminati controlling interests in England, largely Rothschild, controlled most of the world through the Bank of England. Rothschild family friend, Jacob Schiff, president of Khun Loeb Bank in New York, was appointed by B'nai B'rith, a secret Jewish Masonic Order meaning "Brothers of the Covenant" to head up the Bolshevik revolution in Russia. A cartel of private bankers, including the Carnegie's, Rockefeller's, Morgan's and Chase's, would contribute to the manifestation of communism. On January 13, 1917, Leon Trotsky arrived in the U.S. and received a U.S. passport. He was a welcome guest in Jacob Schiff's palatial residence. Jacob Schiff and his supporters financed the training of Trotsky's band of revolutionaries on Rockefeller's Standard Oil Company property in New Jersey. When sufficiently trained in the techniques of guerrilla warfare and terror, Trotsky's band left for Russia with 20,000,000 in gold provided by Schiff on board the ship S.S. Kristianiafjord.<sup>xii</sup> The Russians reciprocated by depositing \$600 million in gold at Kuhn Loeb and Co. The Bolsheviks would receive an additional 21 million rubles from Milner, \$1 million from J.P. Morgan, \$1 million from J.D. Rockefeller, \$1 million from William Thompson, \$36 million in gold from Max Warburg.<sup>xiii</sup> Following the revolution, which saw the murder of the entire Russian royal family, Standard Oil bought a 50% stake in the huge Causasus oil field even though it had been officially nationalized. This was followed by the construction of a refinery in Russia in 1927. Standard Oil then made a deal to market Soviet Oil in Europe and floated a loan of \$75 million to the Bolsheviks.<sup>xiv</sup>

The Illuminati would then escalate the Cold War and the accompanying arms race and space race in order to profiteer off the war and aerospace technologies investments made to both sides. The complicity of the Illuminati in playing both sides of the fence does not end here. Rasputin, for instance, was a member of a religious offshoot of the Illuminati called the *Skopsi*. The *Skopsi* went underground in 1917 but soon came to prominence amid great secrecy. Krushchev would also become a member. Playing both sides in standard M.O. fashion, the Illuminati would sponsor a CFR (Counsel of Foreign Relations) in the Soviet Union called the International Institute of American Affairs. The original issue of Foreign Affairs magazine of the U.S. actually had notes written in it in Lenin's own hand. Mikhail Gorbachev would view this edition shown to him William G. Hyland, editor of the magazine from 1984-92. Lenin had a guiding hand in the CFR from the very outset. The CFR was quietly started by the CFR in 1921 and remained virtually unheard of to the American public until the late 1970's. In previous years, Illuminati Edgar Bronfman would act as a representative of Armand Hammer on trips to Moscow. Charles Bronfman, meanwhile, worked with Eastern communist countries,

and very often with General Markus Wolf, a powerful individual in East Germany's State Security apparatus. Wolf in turn worked with Marshall Nikolai Orgakov, the military genius with his eye on conquering the United States.<sup>xv</sup>

The cold war is over now, so where is the Illuminati 'cap-it-all' now? The sole remaining superpower we are told is America, but this is simply not true. China and North Korea are an axis of considerable power and may not act alone. China and North Korea are both secretly being supplied and equipped by Illuminati interests, but we will come to this in another chapter. At the moment, the headquarters of the Illuminati is the United States of America and Washington D.C. is the cap-it-all that caps it all. We can see the importance of Washington D.C. in the layout of the streets, which are based on the high Freemason initiate and Illuminati Thomas Jefferson's street plan. The Pentagon was designed by a High Priest of the German secret society OTO (Ordo Templi Orientis), the order that Alistair Crowley had made famous. The name of the High Priest was John Whiteside Parsons. He was also an advisor to the U.S. military. The Pentagon is the inside of the disguised pentacle star of which it is a part. The word 'Sirius' in Egyptian is comprised of a star, obelisk, and oval.<sup>xvi</sup> This is significant because in Washington, we have the Pentagon forming a disguised pentacle star, the Washington monument, which is a disguised obelisk, and the oval of the oval office also disguised. These three elements form the linguistic symbols for the Egyptian word 'Sirius'. The Illuminati are saying conveying something very important to other Illuminati initiates through these secret signs. What they are saying is that Washington D.C. is the new headquarters of the New World Order and that the bloodlines that descend from the star system Sirius cap it all, the entire pyramid of the First, Second and Third Worlds from the new international capital, Washington D.C. The United States of America caps it all. That is why the Great Seal of the United States features the Latin inscription *I Pluribus Unum*, meaning "Out of many, one". While the United States is the single entity formed out of the states of the union, the *I Pluribus Unum* in effect, it is also the "I pluribus unum" of the world, the headquarters of the New World Order, and Washington D.C. is the Illuminati capital of the world.

This is why it is so vital that the Illuminati bring the American people to heel. Unless the Illuminati can conquer the hearts, minds and bodies of the American people, they can never gain ascendancy over the other nations. It is essential that they enslave the American population to their Satanic agenda first. Once this is done, the rest of the pieces of the grand chessboard will fall into place. That is why the Illuminati chose the 'eagle' as the symbol for their headquarters. They have always done this. They did it in Rome when it was the symbol of the Roman Empire and the Holy Roman Empire that

succeeded it. They did it in Germany when it was the symbol of the Third Reich. And they are doing it now that their power is wielded from the latest of their strongholds, the newest of their New World Order headquarters, the United States of America. The reason the eagle was chosen as the symbol of empire is because it is the old symbol for the scorpion. It is featured in the star constellation Scorpio. The sign of Scorpio rules power and money. That is why the Romans, the Church of Rome, the Nazis, and now the Americans have all used the eagle as their symbol.<sup>xvii</sup> It reveals where power and wealth are concentrated. If power and wealth should be transferred to another world center, then that will be the next Illuminati headquarters and the Illuminati shall cap it all from the new 'cap-it-all' of the New World Order, which caps the entire pyramid of society formed of the First, Second and Third Worlds.

In order to capture and enslave Americans heart, mind and body, the Illuminati have devised subliminal weaponry for assailing the human psyche by piercing its armor and defenses. This Satanic language wages a covert war on human beings at the level of mind, heart and body. This amounts to a form of psychic witchcraft and is the silicon-sorcerer's answer to putting a hex on someone, casting a spell, performing voodoo, or invoking a curse. Nothing is immune to their assault, not even the body. The designer Fila, for instance, is an inversion of *Alif*, the first letter of the Hebrew alphabet, from which the Greek Alpha is also derived and ultimately the letter capital letter 'A', which is the missing capstone. The original meaning of *Alif* was 'life' and Fila is an inversion of this. This explains why the youth wearing Fila designer clothing may not feel so vibrant and alive, since the name amounts to a hex, spell or curse upon the wearer.

The cult of mind control is all around us. You can almost hear Nina Simone's throaty lyrics saying, "I put a spell on you." *Pepsi* is ancient Egyptian for Satan. The drink is also effervescent and sparkling. One might consider that fact that one is ingesting the effervescent light of Lucifer the light bearer. In addition, the Pepsi logo features the yin yang symbol turned horizontal in blue and red representing the Blue and Red Degrees of Freemasonry. We can reconsider the names Dr. Pepper and Sgt. Pepper's Lonely Heart Club Band in light of this. Certainly, KISS (Kids in Service of Satan) would suffer from dissociation and loneliness. As for the legend of Coca Cola, the story goes that a chemist devised the recipe as a tonic drink to help his own father overcome alcohol addiction. The original recipe called for the ingredient coca leaves from which most people think the name derives. However, there is an occult meaning as well. Let us consider that the name 'Coke' and the shape of the bottle as well. The bottle resembles a phallus. Given that the name 'Coke' is Egyptian for the male genitalia, is pronounced 'Kuk', and is slang today for the male member, we have good reason for understanding

why the Coca Cola advertisers chose to tell us “It’s the real thing.” In essence then, when drinking Pepsi or Coke, we are paying homage to Lucifer the light bearer and the phallus of Osiris the sun god. We are drinking the semen of the god Osiris and the fallen angel Lucifer. We are honoring the sun god and Lucifer the light bearer in an unholy cult ceremony. Similarly, ARCO does not stand for Atlantic Richfield Oil Company, but rather connotes Arcon, the fallen angel.

The myth of Father Christmas or St. Nicholas is an old Pagan tale. He was depicted as a white-haired bearded man wearing green in the story. It was Coca Cola who gave him a red suit in a massive advertising campaign and he became known as Santa, an anagram of Satan. The story surrounding the myth has quite sinister implications when you think of it. What are the Illuminati techno-medes really up to with Santa Claus? The popularized Santa Claus of mass media culture comes on Christmas Eve, three days after the winter solstice when the sun dies and is reborn, beginning its journey to the vernal equinox. The spirit of Santa Claus enters the house by descending the chimney. He has been invited. Offerings have been laid out for the spirit in the form of milk and cookies. The entire culture has been unwittingly seduced by the mass media into the worship of Santa (Satan), the man in the red suit.<sup>xviii</sup> What has become of Christmas? Instead of a holiday celebrating the birth of the Evangel and the gifts dispensed by the Three Wise Men consisting of frankincense, incense and myrrh, we have a holiday promoting the commercial industry and the sale of products by the Illuminati-owned multinationals. People have been complaining for years that all the spirit has gone out of Christmas, that it has been reduced to a commercial holiday, and that children are being spoiled. What is the true significance of the symbolism behind Santa, and the horned beasts known as the reindeer that serve him and the elves that labor in his workshop? And why is his workshop located at the North Pole? In Masonic ritual magic, north is the direction of darkness. In Isaiah 14:13, it states that God sits on His throne in the north. That is why the North Tower was the first to be struck on 9-11. By striking the North Tower, Masons are symbolically striking the Old World Order of God in order to usher in the New World Order of Lucifer.<sup>xix</sup>

The four signs of the zodiac, earth, air, fire and water, feature strongly in mass media culture. The four signs of the zodiac embody different energies. Advertisers in the ‘media’ use ‘fire’ energy because it relates to libido and the will to power. The ‘earth’ element has to do with money, materialism, property and assets. Merrill Lynch, for example, uses the bull in its logo, which is really a disguised Taurus. *Volvo* is Scandinavian for ‘vulva’ and the logo features the symbol for the female sex and the yoni. The Nissan logo features ‘the rising sun’ half above and half below the horizon

with obvious reference to the Empire of the Rising Sun, though the word *NISSAN* is Hebrew for the first month of the year, which on the Hebrew calendar is the spring equinox month of March on the solar calendar. *Mazda*, similarly, is Persian for the first month of the year, when the sun rises in the spring equinox month of March on the Julian calendar. This also denotes the Empire of the Rising Sun, which has risen again as an economic empire as opposed to a military one. The cult of Saturn is also featured in a variety of company logos like Nike, where you see the ring of Saturn on a black background, relating to the Saturnine or Satanic cult of the owners, since Saturn is another name for Satan.

Not everyone will agree with this thesis, of course, but they need to evaluate it in the context of the bigger picture. I have made it clear how the Illuminati have gained control of the world through their elite family interests. In all of the fields in which they operate, they have pursued a policy agenda that is not in the public's welfare. On the contrary, the medical field is dominated by the Anti-Hippocratic Freemasons at the top, who are pursuing medical research under the postulate "Do harm" instead of the contrary principle upon which the profession is supposed to be founded. The Courts are protecting the activities of Masonic and quasi-Masonic crime syndicates. The governments have collusive ties with the Illuminati family corporate interests who have funded their election campaigns, while the Illuminati-owned media corporations whitewash and cover-up the scandalous activities of all these bodies. Meanwhile, the Illuminati-controlled banks are ruling the economies of countries around the world, ensuring that each country is brought into line with the New World Order agenda or else.
