STOP CHEMTRAILS

**LOOK UP IN THE SKIES
PLANES ARE SPRAYING CHEMICALS
CAUSING SEVERE SICKNESS
LOOK ON INTERNET: CHEMTRAILS**

The government and mainstream media are covering up the fact there are aircraft on most days spraying a mixture which is very bad for people's health over many countries: the UK, USA, most European countries, Canada, Australia, New Zealand, etc.

Millions of people are filming the aircraft as they are spraying. Thousands of videos are at YouTube and other video sites. Many millions of people around the world are alarmed by this criminal spraying and are trying to find a way to stop it.

LOOK IN THE SKY: On most days you will see there are some aircraft which leave no trail or a short trail behind them (this is normal), and you will see other aircraft which leave a very long or continuous trail. If you watch for one hour, you will see the very long trails do not disappear, they expand in size, and eventually you can see that the **WHITE POWDER** which makes up these trails has come right down to ground level, and covers the windows of homes, the screens of cars, etc.

The white powder has been analysed hundreds of times, and is shown to be a highly dangerous substance. We have all been breathing large quantities of this substance for many years. It has a very bad effect on all life, not just humans.
